RIVALS JOIN HANDS AT LAST

On November 16, 1982 the Co-editors of the 1982 annual interviewed Mr. David Means, President of the DeSoto Parish schoolboard in order to gather information pertaining to the erection of North DeSoto High School.

The idea of North DeSoto High School was conceived when the Federal Court decreed that North DeSoto Parish had to integrate its schools.

Therefore, the schoolboard proposed to build a school for grades 7-12 to feed from Second Ward and Stonewall schools since neither could accomodate the capacity of both schools and to bus students so far would be unreasonable.

On January 3, 1979 the North DeSoto Parish Education Building Committee was appointed and intiated resolutions which culminated in a call for a bond and tax election in school district number 2, which was held on April 7, 1979. The results were pronulgated on April 11, 1979. Results: Proposition No. 1: YES — 545; NO — 404. Proposition No. 2: YES — 520; NO — 400. Propostion No. 1 was to sell bonds and proposition No. 2 was to sell Certificated of Indebtedness.

After the House Bill No. 231, Act 51 of 1979 had been passed, large land owners and other citizens filed suit against the schoolboard. The District Court ruled in favor of the large landowners. This decision was appealed by the schoolboard to the 4th Circuit of Appeals which reversed the previous ruling of the District Court of Mansfield.

Due to the time element involving the suit, the interest rates had risen so high that when the schoolboard received permission to sell the bonds, interest rates were beyond the legal limits to lawfully sell the bonds and Certificates of Indebtedness. Mr. Joe Cooper then introduced the bill to the Legislature in order to get permission to sell the bonds and Certificates of Indebtedness over the legal limits. Virgina Shehee and Mr. Mutt Fowler came to the aid of DeSoto Parish when the bill went to the Senate.

Bid on bonds were received and then sold on November 26, 1979. Later, bids on Certificates of Indebtedness were received and sold on October 28, 1980.

The schoolboard awarded Whitaker Construction Co. the contract to build on North DeSoto High on October 5, 1980 for around 5.2 million dollars. Plans of North DeSoto High School were drawn by the architectural firm Wiener, Hill, Morgan, O'Neal and Associates.

North DeSoto High School held its formal dedication ceremonies on August 1, 1982 and started its first active school year on August 26, 1982.

Although the coming together of the two schools was not favored by all citizens of northern DeSoto Parish, in reality, they knew that together the two schools united would be better

Mr. McLaren makes introduction.

YOU ARE NOW ENTERING
GRIFFIN TERRITORY

The Griffin, a mythalogical creature was chosen by the student body of NDHS to be the school's mascot. What is a Griffin? A Griffin is a composite creature with the body of a lion, the head and wings of an eagle and occasionally, the tail of a serpent. A student invisioned the Griffin to be the perfect composite of the mascots, and eagle and a panther.

The Griffin symbolized vigilence and strength and thus in classical and eastern mythology, as a decrotine motif in heraldry, and Indian legends. In mythology the Griffin was believed to live in the mountains of Asiatic Scythia (now southern Russia) between the land of the Hyperboreans and the one-eyed Arimaspins. The Griffins were guards for the tremendous stores of gold found in Scythia and the Arimaspians were constantly attempting to steal the gold. It is believed that one of the favorite prey of the Griffin was the horses of the Arimaspians.

North De Soto stands at the base of a great mountain faced with the trichotomy of education for our children.

The three choices are, tighten our belt and climbing this mountain with all the up and downs that go with climbing a mountain, or developing the minute faith that is required to move this mountain, or stand with the status quo and hope that this dilemma will go away.

North De Sotoians, it is your choice.

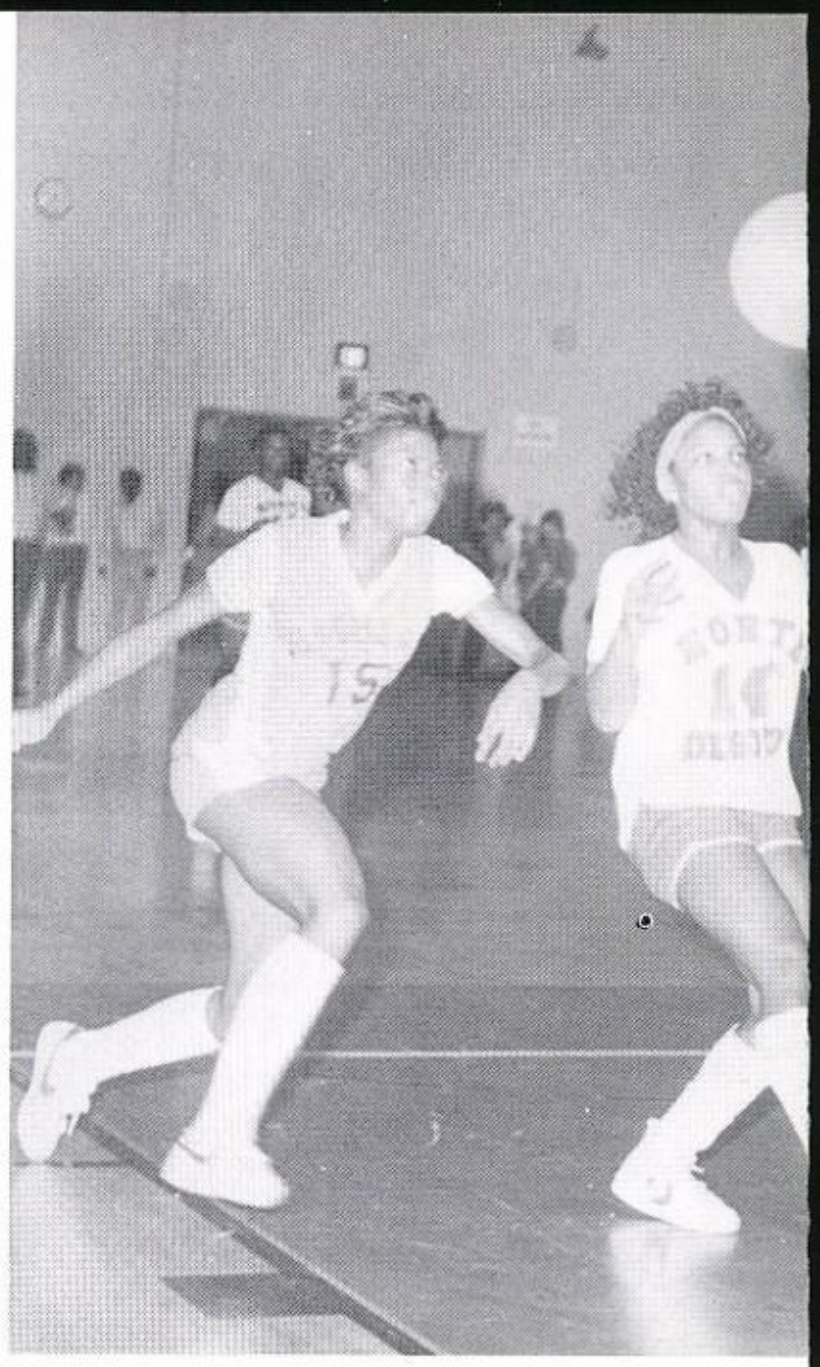
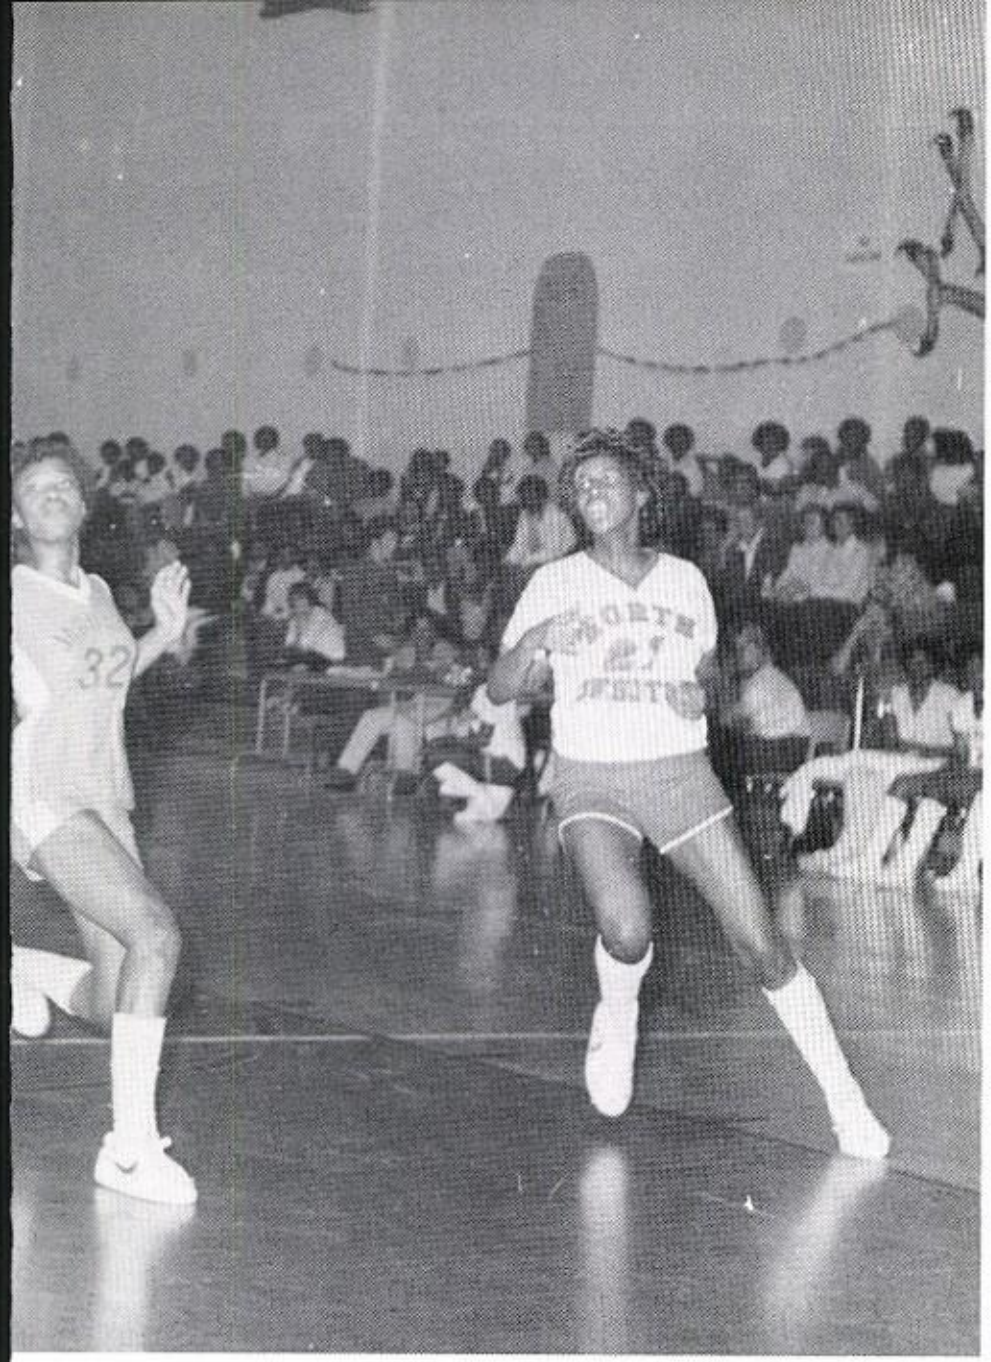
LaShanna White out jumped another one.



Amy (21) and Holley made this an impossible shot for the opposing team.

Two Benton Tigers tried to cut off Holley Burford as she drove to the basket. Holley guided the Lady Griffins to an impressive 56-44 win over Benton Lady Tigers. (Mansfield Enterprise)



Joyce Maxie (14) and Amy Smith (21) gave chase to a loose ball along with the Pelican Jaguars during the tournament. The Jaguars chased the Lady Griffins most of the night as we took a 54-33 win. (Mansfield Enterprise, 12-1-82)

LaShanna White (10) kept opponents away as she got the rebound.

DEDICATION

We are aware that it is very unusual to dedicate a yearbook to a community; however, it is highly unusual to have a community like North DeSoto. Therefore, the staff and student body of North DeSoto High School take great pleasure in dedicating the first volume of our yearbook to the parents and patrons of this community who said in deeds that, "We care enough to want the very best for our children."
